Alaska Stand Alone Pipeline Project
Draft Supplemental Environmental Impact Statement
Chapter 5: List of Preparers

June 2017

United States Army Corps of Engineers, Alaska District

In Cooperation with:

U.S. Bureau of Land Management
U.S. Department of Transportation, Pipeline and Hazardous Materials Safety
Administration
U.S. National Park Service
U.S. Environmental Protection Agency
U.S. Fish and Wildlife Service
Alaska Department of Natural Resources, State Pipeline Coordinator's Section

5. LIST OF PREPARERS AND PERSONS CONSULTED

Lead Federal Agency

Sandy Gibson, Project Manager. U.S. Army Corps of Engineers, Alaska District (Corps), Anchorage, Alaska. Sandy received her B.S. degree in biology studying environmental science from Auburn University in 1999, her M.S. degree in environmental analysis and management studying environmental chemistry and toxicology, from Troy University in 2005 and a G.C. in Crisis, Emergency and Risk Management, from George Washington University in 2012. She has been working for the Corps since 2008.

Mary Romero, Project Manager. U.S. Army Corps of Engineers, Alaska District, Anchorage, Alaska. Mary received her B.A. in Interior Design from the American College for Applied Art (now known as the American InterContinental University) and has been working for the U.S. Army Corps of Engineers since 2002.

Cooperating Agencies

U.S. Bureau of Land Management. 222 West 7th Avenue, #13, Anchorage, Alaska 99513.

U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration. 1200 New Jersey Ave, S.E., Washington D.C. 20590.

U.S. National Park Service. 240 West 5th Avenue, Anchorage, Alaska 99501.

U.S. Environmental Protection Agency. 222 West 7th Avenue, #19, Anchorage, Alaska 99513.

U.S. Fish and Wildlife Service. 605 West 4th Avenue, Room G69, Anchorage, Alaska 99501, and 101 12th Avenue, Room 110, Fairbanks, Alaska 99701.

Alaska Department of Natural Resources, State Pipeline Coordinator's Section. 3651 Penland Parkway, Anchorage, Alaska 99508.

Persons Consulted

Kevin Bjella, P.E. Research Civil Engineer. Cold Region Research Laboratory, Fairbanks, Alaska.

Third Party EIS Preparers

Anne Southam, NEPA Specialist. ECO49 Consulting, LLC. Anne received her B.A. in environmental science and communication at Indiana University in 1998, and her M.Sc. in environmental science at University of North Texas in 2000.

Kate Johnson, P.E. ERM. Kate received her B.S. in civil engineering from the University of Minnesota in 2009 and has been working as an environmental consultant for 8 years. Her primary expertise focuses on regulatory compliance associated with environmental assessment, permitting, and NEPA.

Adeyinka Afon, P.E. ERM. Adeyinka received his M.S.E. in environmental process engineering from Johns Hopkins University, Baltimore in 2004, and a B.S. in chemical engineering from Ladoke Akintola University of Technology in Nigeria in 2001. Adeyinka is a professional engineer and environmental consultant with more than 11 years of experience in impact assessment and planning and regulatory compliance, including specialization in air quality, noise and vibration, greenhouse gas emissions inventory, and public safety and security.

Ben Sussman, Senior Consultant. ERM. Ben received his M.C.R.P in city and regional planning from Georgia Tech in 2002, and his B.S. in science, technology, and society from Stanford University in 1998. Ben has more than 16 years' experience evaluating the socioeconomic, land use, transportation, recreation, and visual impacts of proposed energy, mining, and other industrial projects.

Carissa Shoemaker, Environmental Scientist. ERM. Carissa received her B.S. in wildlife ecology and natural resource sciences from Washington State University in 2009. Carissa has more than 5 years of experience in the impact assessment and permitting consulting fields.

Stephen Witzmann, P.E. ERM. Stephen received his M.S. civil and environmental engineering from Cornell University in 1996, and his B.S. in environmental science from U.S. Military Academy at West Point in 1989. Stephen has 24 years of engineering experience and specializes in environmental investigation and soil and groundwater remediation.

Levia Shoutis, Ecologist and Professional Wetland Scientist. ERM. Levia received her M.S. in land resources and environmental sciences from Montana State University in 2007, and her B.A. in environmental biology from the University of Montana in 2000. Levia has 10 years of experience working in riparian, wetland, and stream ecosystems.

Robert Beckman, Senior Scientist. ERM. Robert received his B.S. in biological sciences from the University of Alaska, Anchorage in 2008. Robert has more than 8 years of experience supporting water quality, contaminated sites, and permitting projects.

Chelsea Vanzant, Technical Editor. ERM. Chelsea received a B.A. in liberal studies in political science from Alaska Pacific University in 2014. Chelsea has more than 10 years' experience and has been heavily involved with the review of several environmental impact statements providing overall technical editing, preparing public engagement documents, maintaining website posts, and preparing both draft and final documents for distribution to stakeholders and regulatory agencies.

Stephen R. Braund, Principal Archaeologist. Stephen R. Braund & Associates. Stephen received his M.A. in anthropology from the University of Alaska, Fairbanks (UAF) in 1981, and his B.A. in northern studies and English from UAF in 1973.

As a principal of SRB&A for 36 years, Stephen has conducted sociocultural and socioeconomic research in over 125 rural Alaska villages since 1973, participating in over 165 research projects throughout rural Alaska, Canada, and Japan.

Jane Whitsett, Principal Manager and Consultant. Argon, Inc. Jane received her M.S in biological sciences from the University of Alaska, Anchorage in 1987, and her B.A. in chemistry and biology from Immaculata College, Immaculata, Pennsylvania in 1979. Jane is a business owner, manager, and senior consultant with 30 years of experience in complex environmental projects in commercial, industrial and governmental sectors in Alaska.
